

IN THE SPECIFICATION

Please amend the specification as follows:

Please replace the paragraph ending at page 21, line 6 with the following rewritten paragraph as follows:

-- The present invention also provides that when displaying the object hierarchical structure data, the form of the display is changed depending on the type of a parent/child relationship between the objects. Further, when displaying the object hierarchical structure data, an object of a lowermost layer and an object of an intermediate layer are distinctly displayed. --
